

## Let me out!

Your photographs are not meant to be hidden away in albums or left to languish in a darkened drawer. Let them see the light. Be proud, and bring the room alive. Let your memories or special moments become works of art.

At Retina Photography we concentrate on supplying three simple choices of presentation using specialist suppliers, not a 'one-stop shop' solution. This ensures the quality is of the highest order.

The first and, currently, most popular is the modern, glass free, 'floating box' frame. Looks good anywhere, from the bedroom to the boardroom.

If you fancy something truly unique, why not convert your picture to a 'canvas print'. Each canvas oozes quality with an attention to detail of finishing that belies the price.

Our third choice is the more traditional approach. We offer a range of contemporary, hand made, glass frames with professional mounting and finishing.

Why not treat yourself by taking your favourite photograph and turning it into a stunning 'Canvas Print' worthy of wall space in any art gallery. Photos on canvas are also a fabulous idea for presents for family and friends. Whatever the occasion, they are sure to be delighted with such a creative and personal photo gift!

Made from durable polycotton canvas, stretched over a wooden frame and gallery wrapped around the edges, these canvas prints have a quality all of their own. Each canvas has a 'satin finish' varnish applied, for that extra level of protection, and is individually made to order by an experienced framer, guaranteeing a top quality craftsman finish. Once hung on the wall, the frame is not seen, giving the characteristic three-dimensional 'box' effect of canvas art. Supplied ready to hang and available in eight different sizes, I know that you'll just love the final result.

Turn your treasured memories into stunning canvas prints and create unique artwork that is totally personal to you.
